A Prisoner Amid Plenty SPAULDING 27,

Aggravated Case of Ulcerated Leg-Nine Sores at One Time.

Specialists Said Only Amputation Would Save Life-And Yet a Cure Was Effected.

Another Wonderful Triumph by Hood's Sarsaparilla.

Mr. and Mrs. Charles Lloyd are well-known in Plains, Pa., where they are both leading members of the M. E. Church. Mr. Lloyd has been for 18 years engineer at the Hennery Colliery. Mrs. Lloyd writes this frank statement: 44 I have waited a year and a half before writing this letter, that I might be sure my cure was permanent, and I am now convinced that it is.

"It was five years ago that my trouble came, first appearing as an eruption on my left leg below the knee. It spread rapidly in little pimple-like spots, until the whole limb from hip to toes was affected.

As it grew no better, I consulted physicians and was told I had an aggravated case of ulcerated leg. "I paid one physician \$100 for nine months' treat-

ment, and then he frankly told me further treatment was useless, as I could not be cured. "Another specialist in Pittston to whom I went, said, after several calls, that unless I had the flesh on the leg laid open and the bone scraped, blood poisoning would set

in, and then only amputation would save my life. "Disheartened I returned home and my agony was increased by the breaking out of nine good-sized ulcers on

and about my ankle. "I had everything to live for and yet I was a prisoner amid plenty in my own home.

"I were rubber bandages so long that the muscles and

cords of my leg were also seriously affected. "We had been giving Hood's Sarsaparilla to the children as a spring medicine, and as there happened to be health has never been better than now.

two-thirds of a bottle left I thought I would take it myself "In less than a week I felt hopeful, for the terrible better otherwise.

Then I bought 1/2 dozen bottles and it was with a heart teeming with joy that I found in a short time that I could move about on crutches.

leg was entirely healed, the ulccrs all gone, and my general to a cure is so clearly pointed out.

"Relatives and friends who considered my recovery impossible, including our pastor, join with me in grateful pain in my ankle had become less agonizing and I felt praise of Hood's Sarsaparilla for this wonderful cure." MRS. ELLEN LLOYD, P. O. Bex 4, Plains, Pa.

Neighbors gladly confirm this statement.

It certainly proves the wonderful power of Hood's Sarsaparilla over an extreme case of blood poisoning. Suf-"It was a year before I fully recovered, but then my ferers from similar troubles need not despair when the way

Manila, March 10 .- A desperate battle has been fought near Jolo, capital of the Sulu Islands, between a force of American infantry and constabulary, supported by a naval contingent, and a strong force of Moros.

The American loss was fifteen men tonight. killed, and an officer, and thirty-six men wounded. The Moroa were destroyed to a man,

600 of them being killed. Of the cusualties on the American side. thirty-two of the wounded belonged to the naval detachment.

Major-Gen. Leonard Wood, commander of the Division of the Philippines, reports as follows from Jolo: "A severe action between troops, a naval detachment, and constabulary and

Dajo, near Joio. The engagement opened during the afternoon of March 6 and ended in the morning of March 8. "The action involved the capture of Mount Dajo, a lava cone 3,100 feet high. with a crater at its summit and extreme ly steep. The last 400 feet were at an angle of 600 degrees, and there were fifty perpendicular ridges covered with a growth of timber and strongly fortified and defended by an invisible ferce of Marca.

"The army casualties were fifteen enlisted men killed, four commissioned of-ficers wounded, and thirty-two enlisted men wounded. The naval casualties numberer thirtytwo, Ensign H. D. Cooke, Jr., commanding the United States steamer Pampanga, was severely

wounded, and Coxswain Gilmore was severely wounded in the elbow. "The constabulary casualties were Capt. John R. White, wounded in the thigh severely; three enlisted men killed and thirteen wounded. Capt. Tyrre Rivers sustained a slight flesh wound in the thigh. Lieut. Gordon was slightly wounded in the right hand, and Lieut.

Wylie T. Conway of the Sixth Infantry was slightly wounded in the laft eye. All the wounded are doing well. "Celone! Joseph W. Dunean of the Sixth Infantry directed the operations. Fine Game Between High School Teams Last Night

HOME TEAM IMPROVES

Claim That Referee Tayford of Montpelier Showed Partiality-Second Team of Spaulding Also Defeated a Montpelier Five.

In the best game seen here this year, between school teams, at least, Spaniding high school defeated Montpelier high acnool by the score of 27 to 18, before a large audience at the Y. M. C. gymnasium last evening

Montpelier easily defeated Spaulding early in the season, before they (Spaulding) had put in any practice, and Montpeller came up here last night with the idea that they were going to have an put in a better man at center. A dou-ble foul was called, and Dick Daring made a point on his throw. Hayford thought (1) that he saw slugging and gave Theriault a free throw. He made easy victory. They didn't reel that way when they went home. The Spaulding team has improved vastly with every game which they have played, and last night's game was an improvement, even over the game with Northfield last week. The passing of the home team was superb. They did not lose their heads at critical moments, but did just what they ought to, both at blocking and at passing. The players were too evenly matched to pick out the best men. Suffice it to give Theriault another throw, the to say that every man did his duty toward his school

Referee Hayford tried to win the game for Montpelier, but at the rate at which the home team was playing last evening, a few rank decisions by the referee would not go a great way toward winning a game. In the first period a foul was called on Darling and Theriault was given four shots at the basket on technialities on that one. At another time Hayford tried to put out both Spaulding's center and right guard for rough work, when how he could single out those men as the perpetrators of the rough work was more than anyone in the audience or the umpire could see. Umpire Knapp saved the men their positions by standing up for the fact that there was no mean work.

The game opened with Roy Darling making a basket within 10 seconds after the whistle had started the play. The Montpelier boys thought that this basket was an accident, but when Worthen dropped another in the net in about a
